When I was a boy
I was always caught in the middle
I was never a winner
Just a loner in the crowd
Looking for a way out

Then I grew a little older
And a little bolder
I grew impatient
The future I was chasing
Never seemed to be within my reach
Til I heard somebody say

(Slow, slow down,)
Nothing's gonna happen before it's time
(Slow, slow down,)
Let the pieces fall into place and you'll be fine

Take your time
So I'm waiting,
Cause I know I'm gonna be
Next in line
To claim my prize, and be all that I wanna be
And I work so hard to earn my place
And good things come to those who wait
Those who wait

So made it out, eventually
I took the leap
And I landed on my feet
Yeah I found my team, my family
And as I chase this dream
I know that they believe in me
And we're onto something good (I know)
We're bout to conquer this world
I'm so glad that I
Took my own time
I'm glad I did it the right way

(Slow slow down,)
Now I listen to my instincts when I lose my way
(Slow slow down,)

And that's when they say

Take your time
So I'm waiting,
Cause I know I'm gonna be
Next in line
To claim my prize, and be all that I wanna be
And I work so hard to earn my place
And good things come to those who wait
Those who wait

Now I know if I died tomorrow
I wouldn't regret a single thing
I wanna look back on where I've been
And know that I made, my own way
That I lived each day, and owned it
Working for that good thing, that good thing

Take your time
So I'm waiting,
Cause I know I'm gonna be
Next in line
To claim my prize, and be all that I wanna be
And I work so hard to earn my place
And good things come to those who wait

Good things, those who wait,
I appreciate those who wait,
Thank you to those who wait,
Good things come,
