Where did he go?
He stole my love
I patiently waited
For him to bring it back
Heart so cold
I gotta be strong
Still patiently waitin
My foot out the door
Where did he go?
He stole my love
I patiently waited
For him to bring it back
Heart so cold
I gotta be strong
Still patiently waitin
Beautiful Tear droppin to the floor
All that's left is memories
Tears on my pillow
And it's still killin me
Remember vividly
You were just here wit me
You gave me the world
And then u stopped it from spinning
Now part of me is missing you
Your hands reachin out
See me kissing you
Dropped from the clouds
Still here with you
Trynna be strong
Still trynna hold on
Where did he go?
He stole my love
I patiently waited
For him to bring it back
Heart so cold
I gotta be strong
Still patiently waitin
My foot out the door
Where did he go?
He stole my love
I patiently waited

For him to bring it back
Heart so cold
I gotta be strong
Still patiently waitin
My foot out the door
Beautiful Tear droppin to the floor
They say patience is a virtue
But never ever when it's hurting you nooo
A broken heart tryna heal it fast
The only way is for you to come back
Like a river tears continue to fow
When I close my eyes I can see you goo
Remeber you said I was beautiful
Now I'm standin all alone!
(oh!)
Where did he go?
He stole my love
I patiently waited
For him to bring it back
Heart so cold
I gotta be strong
Still patiently waitin
My foot out the door
Where did he go?
He stole my love
I patiently waited
For him to bring it back
Heart so cold
I gotta be strong
Still paitently waitin
Beautiful Tear droppin to the floor
Like a river tears continue to flow (4x)
Where did he go?
He stole my love
I patiently waited
For him to bring it baCk
Heart so Cold
I gotta be strong
Still patiently waitin
My foot out the door
Where did he go?
He stole my love
Still patiently waiting
(I patiently waited!)
For him to bring it baCk
(ohh oooh yeah yeah)
Heart so Cold
I gotta be strong
Still patiently waiting
Beautiful Tear droppin to the floor
* oh oh oh sooo beautiful sooo beautiful ohh yeah*
