See baby; time waits for no one...

The clock is goin' tick tock tick tock tick tock
Time is runnin' out (3x's)...

I don't mean no disrespect
But there is something on my mind
You runnin' outta time
Think I'm goin' crazy
Losin' my mind... oh baby

What am I to do?
I'm feelin' so confused
You took my love for granted
Now here's my ultimatum

You either gonna love me; or you wont
Are we gonna stay together?
Or move on?
I'm so sick of playin' games... oh nooo
Time is runnin' out...

The clock is goin' tick tock tick tock tick tock
Time is runnin' out (4x's)

(if you aint stackin'... wtf are YOOOU doin'?)

Sittin' here patiently waiting
Trynna see if he's ever gonna change
They say time is of an Essence
So I ain't got the time to waste

Baby don't you go
Baby don't you leave
Baby baby please
Ya either gonna love me; or you wont
Are we gonna stay together?
Or move on?
I'm so sick of playin' games... oh nooo
'Cause time is runnin' out...

The clock is goin' tick tock tick tock tick tock
Time is runnin' out (4x's)

See baby; time waits for no one...

Time is passing
Love is happening between us baby (2x's)

You do or you don't
Say you will or you wont (2x's)

The clock is goin' tick tock tick tock tick tock
Time is runnin' out (4x's)
