(Screams)

We often allow confrontation

To be the reason we don't believe

It's hard enough to hold onto faith

Without having enough to defend it

(Clean Vocals)

And it feels like the more

I make an effort to see the good

To see past these borders

Allowing our minds to be set free

But we cannot be confined

(Screams)

But we cannot be confined

To one way of thinking

We will not be silenced for believing

In something other than what you want us to

We are who we are for a reason

(Clean Vocals)

(And I was on your side, but you left me behind)

(Chant and Screams)

It never crossed our minds

(Screams)

To be anything like you

Staring back at the face

Of the world

(Clean Vocals)

And it feels like the more

I make an effort to see the good

As these smiles fade

Then we begin to see

Past this painted face

Past this painted face

(Screams)

But we cannot be confined

To one way of thinking

We will not be silenced for believing

In something other than what you want us to

We are who we are for a reason

(Clean Vocals)

(And I was on your side, but you left me behind)

(Clean Vocals)

Sing songs they'll remember for years

As we conquer these fears

For those who were once here

And one day they'll remember what was

And they'll do it because; they'll do it because

(Screams)

Because

We are here to stay
