Too many fake MC's;
Fables of aiming and blazing heat;
Claims to be bading and making p's;
I'm just stating I aint hating g;
But we're changing the game
When we're lacing beats;
We aim to proclaim the truth in our music;
They speak noise in the booth but the truth is;
Some are sweet boys like the group who produced this;
Everyone's playing the game but not me;
You should just stay in your lane we got peeps;
That are saying that they eat the beat just like pizza;
Always saying they're great and got cheese;
With no one topping;
No one's clocking that the main aim has changed so
stop;
Please don't ask me to feature if you're one of these;
'Cos at the end of the day that's not me.

Chorus:

All I need is a kick;
Maybe a snare and a hi hat;
Any type of beat I'll ride that;
Whether grime or D&B I can easily eat the beat;
All I need is a kick;
Maybe a snare and a hi hat;
Any type of beat I'll ride that;
I keep barring; Real Lyrics;
Confectionery just bring it.

I'm something like Tyson with the punches with no
gloves;
I know the ropes so the flow skips;
I don't hold the jokes but the flow's Chris;
Nd I'm built on the rock - paramount;
You won't overdose on my flow quick;
But the flow's addictive;
It's deeper than flows so I hope you listen;
Forever on a role - I'm so consistent;
I aint even acting;
Stunt but I aint even ramping;

But it's deeper than lyrics;
Cos I get deep with the lyrics;
I get deep with the word like I'm swimming;
(Chuckle) No chlorine;
Understand it's the king in the sky who writes my bars
for me;
And before I pick up a pen;
The flow's already written 'cos I'm thinking ahead;

All I need is a kick;
Maybe a snare and a hi hat;
Any type of beat I'll ride that;
Whether grime or D&B I can easily eat the beat;
All I need is a kick;
Maybe a snare and a hi hat;
Any type of beat I'll ride that;
I keep barring; Real Lyrics;
Confectionery just bring it.

All I need is a kick;
Maybe a snare;
Maybe a hi-hat;
Maybe a synth;
Maybe a bassline;
Maybe I take time when I write that;
'Cos I'm like that;
And I've been down solo;
No homo; N-N-No No;
And I don't know what I wrote;
But me I own flow got me noticed;
And I don't really promo and they don't know how I
look;
No Photos;
No joking around;
I aint clowning;
I'm down and out;
I ain't loud; I ain't shouting around about;
I aint proud; but I'm doubting I found 'em out;
I aint frowning or bouting;
'Cos I don't really care;
Me I aint forcing the image;
Pure thoughts of course pour some more in my lyrics;
Fake talk of course gets ignored no fibbing;
So different.
