TAKE time to remember
The beauty of our youth,
And the ideals
We once pursued,
All left behind,
Locked within a boy's mind.

Do you remember
When we still had it in us to walk a million miles,
WITH ONLY EACHother's voice to keep us awake?

And now you dance to all the wrong songs,
And you've forgotten how to sing along,
So step away,
For it may be too late.

So go ahead and do what you wanna do.
It's your life and so it's up to you,
And nothing can compare to all of this,
Beacuse that's the way it is.

Hey c'mon
And walk on the wrong side of the road with me...
YOU'LL SEE.. DON'T CARE ABOUT THE CONQUENCES!
Let's just go one more time,
For me,
(DON'T CARE ABOUT THE CONSQUENCES, CARE ABOUT
THE CONSQUENCES!)
And for all the memories we had,
And for all the friends we lost along the way.
You owe it to yourself.
