And im gonna show you off to the whole world
Flying high in the sky like lovebirdsÂ'

Lady Gaga say loves a game if so then im a pro
Cuz im the man around this town and I think that you

That some call me Sir Casanova some call me Sir

And some call there Master Fred-Day and some call me
there Hero
But I just laugh at all that they say cuz my care factor
be zero
Cuz my name is always changing every where that I go
Hoes call me there baby's daddy after every single
show
I don't care bout what they call me, want you to call
me your man
Take you to the interviews Introduce em to my
girlfriend
I will give you anything that can fit your Mercedes Benz
And we will drive across the border; keep on driving till
the end
We gone drive out of the city and into New Mexico
We gone drive into the city and out of Puerto Rico

And we gone drive anywhere that my baby wanna roll
And we don't need to pay no toll; I thought I told you
before that

(Chorus)

I'ma take you around the world
Cuz no matter where we are you still my girl
And I'm gonna show you off to the whole world
Flying high in the sky like lovebirds
I'ma take you around the world
Cuz no matter where we are you still my girl
And I'm gonna show you off to the whole world
Flying high like we're lovebirds

(Verse 2)

Girl I'ma take you to Jamaica, take you to France
I'ma take you anywhere as long as we dance
And I'm take you to China take you to Fiji
You gonna get jungle fever if you rolling with me
So I'ma take to Africa take you to LA
Take you down to Australia take ya to Botany Bay
Take ya over to Cyprus then swim over to Greece
Stop on over in England then camel ride the Middle
East.
And if you want to, I can take you to Japan
We can Tokyo drift all the way to New Zealand.
And if you're feeling like a feed ill take you over to
Tonga
And right before we go and leave we can have a stop
Samoa
And out of all the girls around you there only one I see
And the whole world be jealous of your incredible
beauty
And I'ma give you everything cuz to me you are royalty
I'ma take you around the world, so get a glimpse of my
queen

(Chorus)

I'ma take you around the world
Cuz no matter where we are you still my girl
And I'm gonna show you off to the whole world
Flying high in the sky like lovebirds
I'ma take you around the world
Cuz no matter where we are you still my girl
And I'm gonna show you off to the whole world
Flying high like we're lovebirds

(Verse 3)

So we flying into the summer sun
And if you want to girl, we could make this fun
And I'd say let's start a love story but it's already
begun

So ima take you around the world to finish chapter one

(Chorus)

Cuz no matter where we are your still my girl
And im gonna show you off to the whole world
Flying high in the sky like lovebirdsÂ'
