ITS MURDER ITS MURDER ITS MURDER SHE WROTE
how could a angel be so cold
knife to my neck then slit my throat (im dying!)
ITS MURDER ITS MURDER ITS MURDER I SCREAM
close my eyes pray its all a dream
then realise my heart it bleed
why cant you see! shes not innocent
she belongs on csi and criminal intent
she screams out lies with her sexy accent
steal your pride shes hells president
now i swear im not lying
im crying im dying with fear
now i see it oh so clear
when i look at her the devil appears (oh dear!)

(chorus)

Shot through the heart
tore me apart
she broke my bones, left me to die alone
stabbed me straight through my soul
on the edge and watched me fall
she said she had to go, left a smile and a single note
its murder she wrote x

(verse 2)

OH MY LORD, OH MY GOD berid this demon please
disguised as beauty but trully a beast
when i saw a wife she saw a feast (oh jeez)
OH MY LORD, OH MY GOD why dont they all believe

i swear her looks got them decieved
shes the reason i cant breathe
can someone please call the police
a hardcore sinner, a hardcore killer
left me to rot like a zombie
i dont look iller, belong in thriller
that girls the one that just killed me
she pulled that triggah that killed this niggah
now when i look at her all i see
is something alot bigger a big black figure (its death!)

(chorus)

Shot through the heart
tore me apart
she broke my bones, left me to die alone
stabbed me straight through my soul
on the edge and watched me fall
she said she had to go, left a smile and a single note
its murder she wrote x

(verse 3)

man i never thought she would kill
yea for the fun and for the thrill
i ask myself fred is she real?
she left her scent she left a chill
left behind my body remote
walked away in her hooded coat
she left behind a single note
with a single word 'MURDER'she wrote
