Why'd I let myself roam?
Took me to a place that soon got old
I constantly trip over these holes,
Caught in a bind that's on constant reload
I try to ask myself
I try to ask myself what I've been thinking
Oh reflection, I need something to heal me

Why oh why, have I let myself go?
Why oh why, have I fallen down this black hole?

A million different zigzags' forming just one path
there's only one way in, only one way out
sinking quickly, slowly giving into doubt
it only takes one voice to fall at the sound
fall at the sound, fall at the sound, fall at the sound

Why oh why, have I let myself go?
Why oh why, have I fallen down this black hole?
Why oh why, have I let myself go?
Why oh why, have I fallen down this black hole?

I try to ask myself what I've been thinking
Oh reflection, I need something to heal me

Why oh why, have I let myself go?
Why oh why, have I fallen down this black hole?
Why oh why, have I let myself go?
Why oh why, have I fallen down this black hole?

I try to ask myself what I've been thinking
Oh reflection, I need something to heal me
I try to ask myself what I've been thinking
Oh reflection, I need something to heal me
