

Needless To Say "Conquer All"

It's the will to seclude yourself to perfection
so you can take the riches, and not feel pressured
round them up
afraid of letting anyone see your skin
you cover up with fast talk and selfishness
round them up
I can't let anything get in the way

Conquer all, pay the price of sleeping alone
Conquer all, there will be no one to catch your fall
Conquer all, pay the price of sleeping alone
Conquer all, there will be no one to catch your fall

the pictures are as heavy as the frames
and you almost let yourself feel for a split second
nowhere to turn when you've led a narrow life

the tunnel is about as small as the weightless pictures
on the walls

Conquer all, pay the price of sleeping alone
Conquer all, there will be no one to catch your fall
Conquer all, pay the price of sleeping alone
Conquer all, there will be no one to catch your fall

I won't let anything get in the way
I won't be a slave to the house and kids
I've got to take in the glory
While the pay, the pay is holy

Conquer all, pay the price of sleeping alone
Conquer all, there will be no one to catch your fall
Conquer all, pay the price of sleeping alone
Conquer all, there will be no one to catch your fall
