"Crystalized Despair"

One! Last! Look! At the stars as the sun begins to
tear the sky, (with passion) Wondering if these dark
clouds would have caught our eyes,
(as they fell) So! Violently!
Living in regret as it tears our flesh and bones,
Walk through it, Cough through it,
anything, to survive. We! Stay!
Strong! Striving for this air that we took for granted.
Driven into oblivion where we learn this word and this
meaning, nothingness! to get away,
from this place to get away. One life, one love, were
one!
