Dont hold on, dont look back,
dont look to the past for these answers,
what happens when you exhale and whiter away,
this subtle breeze blows through me,
cover your eyes, cover your ears,
seclude yourself from here,
exhale, breathe in, breathe out,
i know i would, take another chance if it wasnt for
this, you give it all away,
give to these people who would want it the most,
give a new body that is easy to host,
like his! hers! mine! yours!, keep them breeding
