Hello, who are you?
Where have you been?
What have you seen?(today)
What have you learned?(today)
What have you lived?
Tell me all your knowledge
Tell me all your secrets
Tell me all your lies
Another lifetime to wait for darling
Dear, this carousel keeps spinning faster with every
year render emotion
Broken hearts patched with sex and lies
Redundancy's pro confusion until we compromise with
ourselves
Quite the paradox that we've fallen into now
Morals are cripples by the bounds that withhold us now
We'll find ourselves and realize where were heading
Love is life, but what is life if you don't know love
Another chance thrown away for your lust
Another thought mistaken for emotion
Not far away from sadness
Not close enough to madness
