Your not alone! Alone, afraid,  
awakening, your breath, your faith is binding me.  
.. These are the the symptoms of denial.  
Found a life for yourself now your wondering when is  
it gonna end, you'd give it for a moment of clarity  
just say. Its all the same  
(its not the same) I'm seeing clearer  
(your getting blind) I see (your blind) Your face,  
your eyes are getting darker.  
What would you say to a sun that'll shine on you  
forever,  
when you know it'll be gone, It'll be gone in a matter of  
hours.
