Hey there hot stuff, what ya what ya doing?  
Do you wanna fall in love tonight?  
Hey there hot stuff what ya what ya doing?  
I promise ill be the lay of your life  
She said, Uh oh, uh oh, uh oh, uh oh oh  
Do you wanna fall in love tonight?  
She said, uh oh, uh oh, uh oh, uh oh oh  
I promise ill be the lay of your life  
From the club to the car, the bed to the floor  
I'd have her wake the next morning begging me for  
more  
But little does she know, she'll take me home  
And awake the next morning all alone  
Because never will I, never can I fall victim  
To the wretched hands of monogamy  
Never will I, never shall I fall  
We'll kiss and touch, pretend to love  
In the end its nothing more than fun
