Watch your back
They lurk at night
They follow you with watchful eyes
2 2 will always equal 4 if you'll always let it be
(Let's light this withered candle now for originality and pray)
This silent cry of rebellion, lets watch it all wither away
(Let's light this withered candle now for originality and pray)
Oh you'll never see it, oh you'll never see it until it hits you
(Let's light this withered candle now for originality and pray)
Oh it's now or never, oh its now or never, oh and now or never!
But no one cried out! No one cried names, plagiarism has come a long way
What they said, what they said was a bloody lie
Now they march in numbers for you 5, 4, 3, 2, 1!
Everything we touch turns to stone, everything we love is their gold
We believe in compassion for the world, everything we touch turns to stone
Let's light this withered candle now for originality and pray!
We'll stop this plague, we'll keep them paranoid
Purify, all our lungs, breathe it in, open your eyes to this horizon, breathe it in
We don't need them now we're in this together
