Verse 1:

Before the mountains were born
Before the sun ever shined
Before the stars filled the heavens above
Before the universe was shaped by Your hand
You had always been I am

Chorus:

Everlasting, You are my God
You were, and are, and always will be
Never- ending songs cry Holy, Holy
For You are worthy. You are Everlasting

Verse 2:

To You a thousand years is a single day
And a lifetime is nothing but dust
And after time has turned into eternity
We'll have just begun to sing

Chorus

Bridge:

Praise and honor and glory and power
Forever and ever
To Him who sits on the throne
