Looking back on my life as I sit at my desk  
I would have never imagined myself to be so blessed  
With an angel from heaven, a gift from god  
Someone that I could love forever, beyond a phasad  
You're the first thing I think of when the sun shines  
bright  
And the last thing I think of when I sleep at night  
You and me princess, we're the perfect team  
And I won't hesitate to call you the girl of my dreams  
Cause when I need you, you're just a phone call away  
And your beautiful smile washes all my worries away  
When I'm not with you, I miss you, oh so much  
And how much you sooth my soul with a simple touch  
You will never know just how much you mean to me  
But I got the rest of my life just to help you see  
I've only got one life, I could never have two  
But as long as I'm alive I want to spend it with you

[Hook]

When I have you in my arms, and I close my eyes  
I wouldn't care if the whole world just passed my by  
Cause I live to make you happy, just to see you smile  
Cust to make you giggle, I love ya style  
Those late afternoons together, when the sun just sets  
To those early-mornin talks girl you are the best  
I'm so amazed at ya sight, I ask questions too  
Like how can I a guy like me deserve a girl like you?  
I feel so blessed, but at the same time so unworthy  
I trust you with my heart I know you wont hurt me  
Everything about you is perfect, I love ya lips  
I love ya smile, I cherish every hug and kiss  
And I can't wait for the nights where I can hold you tight  
Next to me by my side with you as my wife  
You're my hope when I'm helpless, when it's dark  
you're the light  
I'll give you all that I have, and that is my love and my  
life

[Hook]

Everynight when I pray I thank the Lord for you

You're so rare, sweet, cute and loving too  
I'm so privileged just to call you boo  
I would drop anything just to spend a second with you  
I'll be right here with you, even if times get rough  
Cause to me always, you're the definition of love  
You own the key to my heart, only you can get in  
Lookin in your eyes are like the shinin stars in heaven  
I would do anything for you, cause girl you're so worth  
it  
Looks are great but your personalitys so perfect  
You're my perfect match, my soulmate, my best friend  
You're my infinity on a scale of one through ten  
I mean every word that I say, just look in my eyes  
The Love that we share, was never made to die  
I just want to make you happy, baby that's my goal  
I'll forever love you with all my heart and soul, forever.
