"Annie You Save Me"

Remember me, remember me when you are down.
Float me on air, and lift me up from off the ground.
Oh baby, I feel lazy so lie here in my arms tonight.
Would you deny a poor man's cry, a poor man's cry?

Just when I'm finding it hard to breathe,
You lift the weight inside of me.
Oh baby I see the light that's burning bright, and we're
the stars.
Oh annie, you seve me from the world.
Oh annie, you save me from the world.

My head's alive, my head's alive.
Can't get no peace.
You're my escape from this heart ache, I need relief.
Oh baby, this world's crazy.
So lie here in my arms tonight.
You can't deny a poor man's cry, a poor man's cry.

Just when I'm finding it hard to breathe,
You lift the weight inside of me.
Oh baby I see the light that's burning bright, and we're
the stars.
Oh annie, you seve me from the world.
Oh annie, you save me from the world.

I see stars, please shine for me tonight.
Stars, please shine for me tonight.

You lift the weight now baby, from inside

Just when I'm finding it hard to breathe,
You lift the weight inside of me.
Oh baby I see the light that's burning bright, and we're
the stars.
Just when I'm finding it hard to breathe,
You lift the weight inside of me.
Oh baby I see the light that's burning bright, and we're
the stars.
Oh annie, you seve me from the world.
Oh annie, you save me from the world.

Oh annie, you save me from the world.
