The stars... eh eh

Fix me do me like a cup  
Turn me up turn me down baby boy don't stop  
Ooh that sip on my... turn me up till I drop  
Keep going till I pop ooh  
Put your hips on my... and let me roll it  
Put your lips on my... ooh  
Turn the night into a morning  
Yeah you know I need it, yeah you know I want it  
Take me home your mamy introduce me to your daddy  
Baby I'ma make you happy oh  
Ooh get your... I got you loving it like mcdonalds  
Ooh get your... sleep thing but before we leave shouts  
out to the dj

Chorus:

Let's go, let's go, ooh  
Up and down get on the floor  
Round and... like...  
I pop that thing boy I'm out of control  
Let's go, let's go ooh  
Left and right and bring it back  
I got a couple of curry don't know how to act  
Before I take you home I gotta view it on the dance  
floor...  
Ooh, boy before I take you home I gotta view it on the  
dance floor  
Ooh, let's go before take you home I gotta view it on  
the dance floor  
Ooh, before I take you home I gotta view it on the  
dance floor  
Let's go before I take you home I gotta view it on the  
dance floor
