(feat. R. Kelly)

Allow me to re-introduce myself
{I got a surprise for ya'll}
It's the American Dream from the A...
I'm with my big homie Kellz

Well, shawty listen. It's the remix
No other than, your boyfriend, Kellz
And we roll up to the club like "aye"
And we all up in the club like "aye"
Tell security to move the ropes back
Let the chicks in, we in the VIP poppin' bottles.
Man I'm off that patron, clownin and carryin on
I'm so drunk that ugly girls look like supermodels
However I'm in the building, and I'm ballin how a baller
do
So many honeys in the building, ya'll know I'm playin it
like a player do
I walk up to one girl, and she's got her friend with her
Peppin to a real... baby I'm a go getta
The girl I meet got a nice booty
