"Stone In My Heart"

With a rose in her hand
And the candle on her chair
She put her hand on my hand
And with teary eyes she said

Precious time we had together
With a stone in my heart
I stood up and love was gone

Makes me stronger
Makes me wiser, oh Lord
Makes me stronger
Makes me wiser, oh Lord

Meet me at the gates, my love
Down by the lock tonight
In a sequined dress she said
Everything will be alright

Precious time we had together
With a stone in my heart
I stood up and love was gone

Makes me stronger
Makes me wiser, oh Lord
Makes me stronger
Makes me wiser, oh Lord
Makes me stronger
Makes me wiser

With a rose in her hand
And the candle on her chair
She put her hand on my hand
And with teary eyes she said

Sometimes Lord, it's hard not to lie down

But with a fire in my heart
I get up and I am strong

Makes me stronger
Makes me wiser, oh Lord
Makes me stronger
Makes me wiser, oh Lord
Makes me stronger
Makes me stronger

Makes me stronger
With a stone in my heart I stood up and I got strong
Makes me wiser
With a stone in my heart I stood up and I got strong
Makes me wiser
With a stone in my heart I stood up and I got strong
