"Christmas Day Is Coming"

Christmas Day is coming and it won't be very long.
Christmas Day is coming and we're going to sing a
song.

'Cause it's time for Christmas cheer, and it comes this
time each year,
And it comes this time each year, we can't wait till
Christmas Day is here.

Christmas Day is coming and it's going to be such fun.
Christmas Day is coming and there's joy for everyone.
'Cause it's time for Christmas cheer, and it comes this
time each year,
We can't wait till Christmas Day, We can't wait till
Christmas Day,
We can't wait till Christmas Day is here.
