The road's moving by too fast  
And my mind's at a different place  
I'm walkin' the border line  
At a break-neck pace

I don't know where I am  
The same bar but a different face  
Hey man can you give me something  
To chase this day away?

And we'll chase these days away  
And we'll chase these days away  
And we'll chase these days away  
And we'll find a way to  
Chase these day away

Another Friday night  
And I'm sittin' here alone  
I hope that you're doing alright  
'Cause I know that you're not alone

And I guess I should apologize  
For not knowing just who I am  
But I think that you do just so much better  
If you knew just what you are

And we'll chase these days away  
And we'll chase these days away  
And we'll chase these days away  
And we'll find a way to  
Chase these day away

And we'll chase these days away  
And we'll chase these days away  
And we'll chase these days away

And we'll find a way to  
Chase these day away

And we'll find a way to  
Chase these day away
