I didn't have to love you  
But I did yes I did  
At times your love was all I had  
But now that love is just a faded memory  
Of all the good times that we've had  
I never tried to put any chains on you  
I tried to take and give  
But you kept saying you had your life to live

So do what you wanna do  
And be who you wanna be  
Go to the end of the earth  
And I'll try to follow you, and I have  
Say what you wanna say  
And see who you wanna see  
I'll always be there if you want my love tomorrow

You said I was a fool  
But a fool couldn't understand  
Or feel the love that I feel  
So don't go puttin' any blame on me  
I got no reason to give  
'Cause I could understand, but you had your life to live

So do what you wanna do  
Be who you wanna be  
Go to the end of the earth  
And I'll try to follow you  
Say what you wanna say  
And see who you wanna see  
I'll always be there if you want my love tomorrow  
And then there'll be no pain, no sorrow

'Cause I could never stop lovin' you  
And I don't wanna stop lovin' you  
What am I supposed to do, if I've got to stop  
And I don't wanna stop lovin' you  
'Cause I could never stop lovin' you  
There's nothing more that I can do  
And I'm never gonna stop

'Cause I could never stop lovin' you

And I don't wanna stop lovin' you  
What am I supposed to do, if I've got to stop  
And I don't wanna stop lovin' you  
'Cause I could never stop lovin' you  
There's nothing more that I can do  
And I'm never gonna stop

There's nothing more that I can do  
And I'm never gonna stop  
What am I supposed to do  
'Cause I never gonna stop
