I didn't have to love you but I did, yes I did  
At times your love was all I had  
But now that love is just a faded memory  
Of all the good times that we had  
I never tired to put any chains on you  
I tried to take and give  
But you kept saying you had your own life to live

So do what you want to do and be who you want to be  
Go to the end of the earth and I'll try to follow  
Say what you want to say and see who you want to see  
I'll always be there if you want my love tomorrow

You said I was a fool  
But a fool couldn't understand  
Or feel the love that I feel  
So don't go putting the blame on me, I've got no  
reasons to give  
'Cause I understood that you had your own life to live

So do what you want to do and be who you want to be  
Go to the end of the earth and I'll try to follow  
Say what you want to say and see who you want to see  
I'll always be there if you want my love tomorrow

And there will be no tears, no sorrow

Chorus:  
'Cause I never stop lovin' you  
And I don't want to stop lovin' you  
What am I supposed to do if I got to stop, if I got to stop  
'Cause I don't want to stop lovin' you,  
'Cause I could never stop lovin' you  
There is nothing more that I can do  
And I'm never going to stop

Repeat Chorus:  
There's nothing more that I can do  
And I'm never gonna stop  
What am I supposed to do  
'Cause I'm never gonna stop
