There's a girl in the street, you should see the tears in  
her eyes  
'Cause she weeps for a man who told her lies  
And the man that she loved left her for somebody new  
And the girl, she dreams that if only they could've seen

Heart to heart, oh, eye to eye  
Love is a lie  
Heart to heart, oh, eye to eye  
Love is a lie  
One day he's gonna pay

There's a man down the street  
You can't see the pain in his heart  
And he weeps for a love that he has lost  
And the man left a love to go and find somebody new  
Like the girl in his dream, now if only they could've  
seen

Heart to heart, oh, eye to eye  
Love is a lie  
Heart to heart, oh, eye to eye  
Love is a lie  
One day she's gonna pay  
One day she's gonna pay

Heart to heart, oh, eye to eye  
Love is a lie  
Heart to heart, oh, eye to eye  
Love is a lie  
Heart to heart, oh, eye to eye  
Love is a lie  
Heart to heart, oh, eye to eye  
Love is a lie

One day they're gonna pay  
One day they're gonna pay  
One day they're gonna pay

One day you're gonna pay
