You call me on the telephone  
And you say you'll never do it again  
But you've hurt me once too often dear  
And it's just a little late to repent

All your beggin' and pleadin' won't help you  
And your lying' and cheatin' I'll take no more  
'Cause I told you before and I'll tell you again

You liar, liar  
It's too late, it's too late  
It's too late, it's too late

'Cause I know that I never wanna see you again  
And now don't you go tellin' lies about me to your  
friends  
'Cause I've heard them before and you know it  
Then I've taken this long just to show it  
So take all of your heartaches and leave me alone  
'Cause I know, you know, they know

It's too late I've walked out the door  
It's too late to tell me you're sorry  
It's too late to go any higher  
Oh you liar, yes you liar, liar, I know you liar, liar

So you call me on the telephone  
Sayin' that you'll never do it again  
But you've hurt me once too many times  
And now I'm afraid it's the end

All your beggin' and pleadin' won't help you  
And you're lying' and cheatin' I'll take no more  
'Cause I told you before and I'll tell you again  
That I know, you know, and they know

It's too late I've walked out the door  
It's too late to tell me you're sorry  
It's too late to go any higher  
Oh you liar, yes you liar, liar, I know you liar, liar, liar

It's too late I've walked out the door

It's too late to tell me you're sorry  
It's too late to go any higher  
Oh you liar, yes you liar, liar, I know you liar, liar, liar

It's too late I've walked out the door  
It's too late to tell me you're sorry  
It's too late to go any higher  
Oh you liar, yes you liar, liar, I know you liar, liar, liar

It's too late I've walked out the door  
It's too late to tell me you're sorry  
It's too late to go any higher
