See the man ridin' high in the desert near the Rio Grande  
He runs for his life, doesn't sleep, doesn't take time to understand  
Because the girl that he loved went away and ran off with another man  
But he followed them both and he shot at the throat, couldn't stop his hand  
So now he's under the gun

He was born and raised then lived like the son of an honest man  
And who would've thought that one day he might gun down another man  
But his heart gave away to the gun in his hand, couldn't stop it, no  
So now he's gotta run and he is weak from the sun, got nowhere to go  
Because he's under the gun

Just a fugitive out on the run  
Under the gun  
Never see the setting sun  
He's under the gun

Shoot out

Well now he's on the run because he's under the gun with nowhere to go  
Well now pray for him, sister  
Watch out for him, Mister  
He'll let you know because he's under the gun

Just a fugitive out on the run  
Under the gun  
Never see the setting sun  
He's under the gun

Because he's under the gun  
Because he's under the gun  
Because he's under the gun  
Because he's under the gun

Because he's under the gun
