I wont be the circus for you to star in
I wont leave you roses to watch them die
You wont be the heartache that keeps me sleepless
You wont be the songs that I could never write

'Cause I don't want to stay, I don't want to fall
I don't want to have to see you leave me
I don't want to take, I don't want to lose it all
Maybe I'm a fake, maybe your a lie
Maybe our last chance died with last night
'Cause I don't want to stay, I don't want to fall in love
with you again
Oh, with you again

I wont be the fortress for you to hide in
I wont be the first one you think to call
You wont be the regrets that I can't live with
We wont be the last ones to never have to lose it all

'Cause I don't want to stay, I don't want to fall
I don't want to have to see you leave me
I don't want to take, I don't want to lose it all
Maybe I'm a fake, maybe your a lie
Maybe our last chance died with last night
'Cause I don't want to stay, I don't want to fall in love

When we're scared and lonely
We will tell ourselves we're only
Just a word from what we needed
But we know, this ain't right

I don't want to stay, I don't want to fall
I don't want to have to see you leave me
I don't want to take, I don't want to lose it all
Maybe I'm a fake, maybe your a lie
Maybe our last chance died with last night
'Cause I don't want to stay, I don't want to fall in love
I can't stay
I can't stay
I can't stay
I can't stay
For you again

Oh for you again
