In the fallout now  
It's hard to feel like we can turn around  
With the damage done  
It's hard to see how far we've come

We could not be proud  
Of where our feet have walked along the ground  
In the silence now  
We play it back and forwards again

There's a sound in our guiltiness  
It's a warning bell that rings  
It's a call to our loneliness  
And we can't see

We roll the dice we, play like fools  
We plead with time to change the rules  
It's like a hurricane is coming our way  
We've all been warned but we still chose to stay

Ooh ooh ooh ooh  
I can't believe it now the time has come  
Ooh ooh ooh ooh  
I can't believe it now the time has come

Play the victim here  
You know it's nothing but your pride and fear  
But the more you hurt  
The more you love the one you were

There's a sound in our guiltiness  
It's a warning bell that rings  
It's a call to our loneliness  
And we can't see  
We roll the dice, we play like fools  
We plead with time to change the rules  
It's like a hurricane is coming our way  
We've all been warned but we still chose to stay

Ooh ooh ooh ooh  
I can't believe it now the time has come  
Ooh ooh ooh ooh

I can't believe it now the time has come

In the light of the morning  
Can we change what we felt and heard  
Can we turn it into the glory  
Break the paths of our fathers before us  
Though we stand on the outside  
We will find what we once believed  
And will crawl our way to the clear skies  
Standing up we are  
Standing up we are

We roll the dice, we play like fools  
We plead with time to change the rules  
It's like a hurricane is coming our way  
Yeah, we've all been warned but we still chose to stay

Ooh ooh ooh ooh  
I can't believe it now the time has come  
Ooh ooh ooh ooh  
I can't believe it now the time has come
