Verse 1

I feel their eyes all over me,
It's looking like the spirits weak,
I'm out of friends that I can trust,
Maybe they're on to us

Verse 2

My heart is filled with suspicion,
I've got a fearful condition,
It's more than just paranoia,
Maybe they're on to us,
Maybe they're on to us

Chorus

You're not the only one,
Who sleeps through the fiery squall,
Scream through the night at God,
Awake in a pouring sweat,
You hear the sound,
Can't even turn around,
Hand reaching from the ground,
Who's gonna save us,
Who's gonna save us now

Verse 3

I'm looking up in the rearview,
Crowds out I can't seem to push through,
Strangers in my operation,
Maybe they're on to us,

Verse 4

My hands are shaking like a leaf,
Can't even see in front of me,
Now I know it's just paranoia,
Maybe they're on to us,
Maybe they're on to us

Chorus

You're not the only one,
Who sleeps through the fiery squall,
Scream through the night at God,
Awake in a pouring sweat,

You hear the sound,
Can't even turn around,
Hand reaching from the ground,
Who's gonna save us,
Who's gonna save us now

Who's gonna save us now,

Bridge

I'm not the only one
Whose fear is like a boat
It's moving on me now
Screams they capture
Screams they capture

Fear is like a boat
It's moving on me now
Screams they capture
Who's gonna save us now

Chorus

You're not the only one,
Who sleeps through the fiery squall,
Scream through the night at God,
Awake in a pouring sweat,
You hear the sound,
Can't even turn around,
Hand reaching from the ground,
Who's gonna save us,
Who's gonna save us now
