I promise you the world again
Everything within my hands
All the riches one could dream
They will come from me

I hope that you could understand
That this was not what I had planned
Please don't worry now
It will turn around
'Cause I need more time
Just a few more months and we'll be fine

So say what's on your mind
'Cause I can't figure out just what's inside
I hope that you could understand
That this is not what I had planned
Please don't worry now
It will turn around

'Cause I need more time
Just a few more months and we'll be fine
So say what's on your mind
Cause I can't figure out just what's inside
So say all right
'Cause I know we can make it if we try
'Cause I need more time
Just a few more months and we'll be fine
We are off to new land
So hold onto my hand
It's going to be all right
So hold on tighter
Stay by the fire
It's going to be all right

The road gets harder
But it's not much farther
It's going to be all right
Ya know it aint easy
Please believe me
It's going to be all right

Oh, please doesn't worry now

Yeah please don't worry now
Oh, please doesn't worry now
Cause it will turn around

'Cause I need more time
Just a few more months and we'll be fine
So say what's on your mind
'Cause I can't figure out just what's inside

So say all right
'Cause I know we can make it if we try
'Cause I need more time
Just a few more months and we'll be fine
