Why don't we dance anymore
I'm not okay with that
Why don't we laugh anymore
I'm not okay with that

The years go by like stones under rushing water
We only know, we only know when it's gone

Yeah, the years go by like stones under rushing water
We only know, we only know when it's gone

Why don't we smile anymore
I'm not okay with that
Why don't we dance slowly
I'm not okay with that
'Cause the years go by like stones under rushing water
We only know, we only know when it's gone

Yeah, the years go by like stones under rushing water
We only know, we only know when it's gone

Cause the years go by like stones under rushing water
We only know, we only know when it's gone

Yeah, the years go by like stones under rushing water
We only know, we only know when it's gone

Why don't we dance anymore
