## VERSE

And after all this frantic fumbling bliss  
Music beats lunging from the bass  
They're having a happy time on eacstasy  
But we don't feed thrill to hear our song

## CHORUS

Love that makes you big  
Hate that you can't feel but is so  
Real that love can't live without

## VERSE

In more ways than you care to feel  
Hypnotic psychedelic lights  
Will haunt you till your brain explodes  
Will haunt you till your brain explodes  
But don't worry  
Cos you'll never be alone alone alone

## CHORUS

Love that makes you big  
Hate that you can't feel but is so  
Real that love can't live without

## BRDIGE

Intro riff

## CHORUS
