VERSE

Riding on the subway it hits me like a train
Who am I and what and what am I doing here
Original sin that I'm living in is what you have been told
Don't you know you can believe in anything

CHORUS

The enemy within me within me within me

VERSE

Right from wrong I'm standing left of, these feeling
coming on strong
All of these thinkers, breathing on one face
Up and down like a merry go round, spinning through
my mind
All of me and all that I can be

CHORUS

The enemy within me within me within me
