You already know
What all mess you've made of me
Already know I can't believe

In a love that never comes
When it does you always run
Too fast it seems

So take me on to town
And if I'm too burned out
I'll singing songs that I can't live without, no

And all the love I've known before
How it leaves you cold and on the floor
[Incomprehensible]

Ooh, you got nowhere to run to
Ooh, I don't mind

Now the ones that I have known
They were all out on their own
Who am I to say I'll never cried, no

I know so many thieves
How they robbed me blind to piece
While I've scrounged in the dark for the light

I've tried to live for many men
Many times I fail again
Only ever take what I gave

And in the times like this
It's when I sit and close my lips
And I listen to the man that I have made

Ooh, got nowhere to run to
Ooh, I don't mind

Ooh, got nowhere to run to
Ooh, I don't mind, no, oh
Ooh, got nowhere to run to
Ooh, I don't mind
