Let me call you sweetheart,
I'm in love, mmm, with you.
Oh, let me hear you whisper
That you love, oh, you love me too.

Keep the love light glowing
In your heart so true.
C'mon, let me call you sweetheart,
I'm in love with you.

Yeah, let, c'mon, let me call you sweetheart,
I... I'm in love, so in love with you.
Let, won't you let me hear, won't you let me hear you
whisper
That you love, that you love, you love me too.

And you've got to keep, keep the love light glowing
In your heart, yeah, in your heart so true.
Hey now, let, won't you let me call,
Won't you let me call you my little sweetheart,
I'm in love, everybody knows I'm in love, yes, I'm in love
with you.
Now, one more time, I'm in love, everyone knows I'm in
love, I'm in love,
I'm in love with you, yeah, yeah.
