Just live in love, believe in love

In my life I have seen all the ways they tried (to destroy mankind)

Break societies system, change the mercy, there's no compromise

Don't mistake kindness and compassion for weakness

It takes so much more strength to be selfless and live in love

I trust you live in selflessness and live in love

Through all the days, just live in love

Through all the pain, believe in love

(I change to think you not, it tries to function if this world..)

Take the time to think about your life, live righteous

I trust you live in selflessness and live in love

Through all the days, just live in love

Through all the pain, believe in love

The words we speak, the ones we don't say

Power you don't know you could say

Through all the days, believe in love

Don't you see, we are off

Don't you see, we are off

Brothers and sisters, we are one

Brothers and sisters, we are one

WE ARE ONE

And I pray this is not in vain, all that you know about, all you can hide

All that you feel inside (Live in love)

All that you know about, all you can hide

All that you feel inside (Live in love)

All that you know about, all you can hide (Through all the days)

All that you feel inside (Live in love)
All that you know about, all you can hide (Through all
the pain)
All that you feel inside (Live in love)
