What's your point
What are you doing
Do you exist for a reason?
Is that reason punk rock?

Punk is a ghetto
We're all guilty
We all check each other in check
We bind ourselves to a set of competitive accusations
Very much d.l.y. in creation
So strict are these & so great our fear of accusation
We go as far as sacrificing our dreams of a better
world
We've grown so punk rock critical we turn on everything
There is a world out there beyond punk
Our revolution isn't punk
Our revolution is much grander

Reality check! Punk isn't everything!
Punk is a ghetto
Revolutionaize the world not just your scene
