Verse 1:

I have felt from bridges before
Broken heart I can't feel no more
Give me strength to lift myself
Give me love 'cause I need some help
Hope is what I have to find
With better days
Comes better times

Chorus:

It's all about the rain
Falling down again
Stocked inside my head now
Never seems to end
I'm tired of the rage
That always seems to win
It's all about the rain falling down again

Verse 2:

Bring me back from the living dead
All the pain is in my head
Will I find truth in agony?
Or will I loose faith in humanity
Hope is what I have to find
With better days
Comes better times

Chorus:

It's all about the rain
Falling down again
Stocked inside my head now
Never seems to end
I'm tired of the rage
That always seems to win
It's all about the rain falling down again

Bridge:

I need the sunshine in my eyes
I see the weather on my side
Call me up farer
I'm getting there
My friend just called me yesterday

He gave me glimpses of my pain
But as we talked
They all just seemed to go away

Chorus:

It's all about the rain
Falling down again
Stocked inside my head now
Never seems to end
I'm tired of the rage
That always seems to win
It's all about the rain falling down again
