Verse 1

She's my one and only
Knows how to make me lose control
My one and only
And I always want some more
My one and only,
She's nothing like these other girls
My one and only
Cause when she comes she never goes away (away)

Chorus

Cause baby it's the love that I got for you
That kept showing the way
That got me here today
It's the love that I got for you
That kept showing the way
That got me here today

There's no one else but you in my heart
Could you be my one and only (my one and & only)
Could you be my heart could you be my one and only

Cause baby it's the love that I got for you
That kept showing the way
That got me here today
It's the love that I got for you
That kept showing the way
That got me here today

Verse 2

She said you better
You better never lie
She wrote a letter
Said she's forever mine

My one and only
She's nothing like these other girls
My one and only
Cause when she comes she never goes away (away)

Chorus (x3)

Cause baby it's the love that I got for you

That kept showing the way
That got me here today
It's the love that I got for you
That kept showing the way
That got me here today

There's no one else but you in my heart
Could you be my one and only (my one and only)
Could you be my heart could you be my one and only

Cause baby it's the love that I got for you
That kept showing the way
That got me here today
It's the love that I got for you
That kept showing the way
That got me here today
