(Hofstede/Kloet/Stips - Hofstede)
Car is driving through the hills all day
Mom and Dad and the kids are on a holiday
And they wanna eat
Daddy, we're hungry
We're on the road too long
We are hu-hu-hungry
We're on the road too long and we wanna eat
And Daddys says
I know a little place
Where I used to eat in my salesman days
When I was hu-hu-hungry
On the road too long
Hu-hungry
I see the little house at the end of the road
I am an eating house
I am an eating house
Once I was a famous restaurant between Utrecht and
Salzburg
I wore silver and linen and on the menu I had every
dream

Schnecken im Speckhemd, and things you haven't
seen
I'm hungry
It's my turn to eat
I am hu-hu-hungry
I wanna grow like a man
I wanna grow like a house
I'll be a skyscraper
This is what I wanna do
I wanna be a castle
Hu-hu-hungry
Who's on my road today
Hu-hu-hungry
I'm gonna eat the car
I'm gonna eat the little kids
I am an eating house
I am an eating house
