(Chorus)

Â

She got that sonic boom boom!

Everybody duck for cover

The way she pop that booty just like a machine gunner  
with that

Boom boom!

Watch her bring it on

She tic tic tock and then she drops it like a bomb

Â

(Verse 1)

Â

She pop it like an oozy

She got me feeling groovy

Lookin' like all of them honeys you see up in the movies

Wa' watch that booty

Why don't you bounce it to me

She make it bubbly bubble bubble like a Jacuzzi

She said that she could move me

You need to prove it to me

She said I don't think you got what it takes to do me

I said ok girl

Just come my way girl

Get on my spaceship and we can fly away girl

Boom! Like a super nova

Ay girl I got that boa

Wrap it around you and reel you in and just pull you  
closa'

Now we up on the floora'

And then she dropped it lowa'

She bounced it up and down just like a rolla' coasta'

Â

(Chorus)

Â

(Verse 2)

Â

Please do not walk awaya'

I really want you to staya'

I got my missal set and baby girl you on my radar

So just kameyameya

And chill up with this playa

Break you off with that DBZ crump kameyameya

Do not know what to saya'  
Did not have a praya'  
Let ya booty be the city baby and I'm the mayor  
So wont you put it on me  
My dick is kinda lonely  
Needs some company can your badonkadonk be it's  
homie?  
So ok girl  
Just come my way girl  
Get on my spaceship and we can fly away girl  
Now work it around  
Work it around  
Work it around  
And drop it to the ground  
Â  
(Chorus)  
Â  
(Verse 3)  
Â  
The alarm needs to ringa'  
She has entered the ringa'  
Dropping it on niggas just like that Hiroshima  
Damn she is such a diva  
Whirlin' it like Katrina  
Workin' it so hard I think that I just might need some  
F.E.M.A  
So baby  
Come out to play  
Show you how we do it in the SAC  
Now she worked it around and started that countdown  
like 54321 (She got that sonic! )  
Â  
(Chorus)  
Â  
(Outro)  
Â  
She pop pop and then she go bang bang  
And then she pop pop and then she go bang bang  
And then she pop pop and then she go bang bang  
And then she pop pop bang bang bang bang
