Imagine sitting in a dark room
For a thousand years
Hands cuffed to the chair, with barely any air to
breathe
One can grow mad, one can be(grow) sad
Keep beating on that door, on that door
I can't take this anymore

Fear is nothing compared to what death has in store
I'm right to be afraid of what's behind that door

'Cause I'm pickin' up, pickin' up, pickin' up, pickin' up
you
'Cause I'm pickin' up, pickin' up, pickin' up, pickin' up
you
In every single dream

My face got bruises, the pain's got the best of me
It keeps burning and burning, will anyone ever find me

Oh the life I've had, I let the anger drive me mad
I need someone, I need somebody

'Cause I'm pickin' up, pickin' up, pickin' up, pickin' up
you
'Cause I'm pickin' up, pickin' up, pickin' up, pickin' up
you
In every single dream

Grow in a shell
Empty as me
Grow up to be
Lonely as me

Far away but closer to me,
I don't wanna wake up to be

It's a plain lie , that holds us back
We were the
We were the ambitious, is that why
We suffer?
