"Pressure"

Visit "[Pressure](#)" on MotoLyrics.com

(feat. Wardogs & Soul Boy)

... Mic checka not deka but it's da black us ... word of
mia madre Ja Jousha e Allah ... refugees ... Cuba, Haiti
and Somalia

(Phase)

absorbed whitin' abomination of cycles 6 degrees of
separation
infectuous the fallout all out cultural radiation
birth into it's vortexation, conside my stations station
elevation
3-6 nation, massacrations my fixation
brittles their pedestal, high melanin a sin? not
incidental
if not instrumental in my mentals being elemental
and if it's meant to, I'll guide a missile, dent, disrupt
your central
solo co-host, ghost, coast to coast, on entral,
intercontinental

(Soul boy)

oh the militant warrior
stamp me feet swear in pure anger
man and man don't respect another man culture
the results always lead to cold blooded murder
Razzismo child abuse when is it goint to end
life is no joke a friend is not a friend
my parens slave in the wicked man pen, oh my niece
got rape
my cousin go shot dead

)Phase)

life's got me rabid from it's fog, peep the analog

rit: I suggest you don't tess' a underdog under
pressure

real on a scale you can't measure, calculate rate or
ledger

I suggest you don't stress an underdog under pressure
violate what I treasure, you pain be my pleasure

... make my way to Babilonia ... Asalaam Alekam
I face ... don't be mistaken
pagan
I shy away from bacon
pure ... not fakin' ,,, back I'm breakin' ...
(Phase) I ask what cross i bear, 500 years engulf my
sea of tears
my coat of arms spell struggle, pins transform to sins
mortal can't juggle
it's on it's on
the bomb that's calm, get nam, v.c. Saigon, a view to
kill
code name Python (never in it for a minute, for the life
long
is our life song)
(Soul boy) Because of yesterdays pain and sorrows
that's why we have to plan a better tomorrow
parents don't teach the children things
that you don't want them to do tomorrow
results could be drastics Babylon plastic
endless wars look all over planet
man and hate bond togheter like a magnet
the quikedness me have to tell man stop it
(Phase) lord knows how i transformerd from greetin'
lay back and take a beatin'
chicken eatin'
so sweet and child of gold, to vegan cold assasinatin'
make moves in silence, strike with malice, callous, like
'63 in Dallas
and quick to burn your palace, ilk dreads challice
realign justice balance

rit.

(Neffa)

chiuso en tu casa ai? que pasa
o sgasa o intasa o nella mente o in strada & plaza
privacy invasa spinge energia come quasar
que sar? tabula raza mondo collassa
cielo che si abbassa prassi scassa
c'? ressa pressa ma sopra l'uomo l'uomo che confessa
incassa ingrassa para subliminare innesta (there is no
justice their is only us)
yes yes yes
(Phase) envision, visions of this picture:
blind to designs of how the tricked and dicked ya
ironic, stereo phonic, habits chronic, they convict ya
legacies endorse a passive massive i refuse to grasp it
God creates the man, but check the roster
man creates the monster

rit.

(Phase)

I declare r.a.w. conovouls at war

devour shower go for your jugular on the regular
