I've been waiting for you  
You're lonely  
I've been watching you control me

I'm here with you, you know  
No need to hide  
Lay your head in mine  
Just close your eyes

Welcome  
So you came  
You're here with me again  
Out of nowhere  
You even know my name  
But it will never, ever be the same  
But I'm always with you  
When you fall asleep

Sleep, sleep, sleep...

Show me  
Show me what it is  
What you're hiding from  
I know you  
Know who you are  
By the fear in your heart  
When you awaken your eyes open  
I blind you like the sun  
You only feel, only feel me  
Tear you apart

"Tune your mind, reach inside, peel away. Come on,  
show me. Touch, Taste, Feel, Saturation."

Only false dreams awaken  
Buried in your heart  
Your only scream  
You only fear you were dead from the start

Tune your mind  
Reach inside

Peel away  
Come on, show me

Touch, Taste, Feel

You're lost  
You're lost for life  
So lost  
Your cunting life

The look of pain  
No colour pain  
The colour of your anger  
Your lust for life

Enter my realm  
Let it all escape  
Reach inside  
Escape  
Unwind  
My creator  
Man maker
