I didn't expect to love him
I just found it myself
Coz' everytime I'm w/ him
I feel I; m in heaven

You can call me "naughty"
Hey you can't predict my heart
And you can call me whatever you want
But I'm the person that does know how to love

Chorus:
The more I look at him
The more I'm in love w/ him
The more I'm head over heels crazy in love w/ him
To synchronize in time
To turn back what is right
My only want is to love you
Love you the more, the more, the more
Love you the more

Love is unexpected
You realize at the end
But fro sure it brings hapiness
But on the other hand, sadness

[Repeat chorus]

Bridge:
Hoping you would love me
But destiny's dodging
And remember the word L-O-V-E
Is to love you the more, the more, the more, the
moore...

[Repeat chorus]
