It's impossible to find a way out of this legacy.
Embraced by smoke and dust from wars that breaths
along the road.
Trying hard to find a way to overcome
A delusional world that feeds upon lies again and
again.

"All you have is mine."
It starts with suffering.
"All that you wan't is mine."
Engaged by hungering.
I don't give a fuck if it's beutiful.
I don't give a fuck if I'm cynical.

Cuz' we're all the same
We're all the same.
We are all the same
From ashes and dust we reign

It's impossible to find a way out of this race alive
And everytime I try to focus on the good things in life
I realize how fucked up I am.
Trying hard to find something to hold on to.
Always ends up with nothing but heartace
And half of the world on my shoulders.

It's the same, every fucking day
Harder to find reasons to stay
(But hold on)
I just wan't to find my way
(But hold on)
Throughout all missery

We're all the same
From ashes and dust we reign
