So keep your head up high  
And stare blindly at everything  
That keeps you away from your life.

I know you heard me the first time,  
And I don't care if it's wrong or if it's right.  
I just wanna save you,  
From misplacing the value of our minds.

Your not alone.  
No, I've been starring at the  
Back of your neck for a while now.

Keep holding on, keep holding on.  
You don't know what lies ahead of you.

Yeah keep your head up high.  
I'm still waiting at the side of your bed,  
Where death keeps a hold of our hands.

If you wanna run away from me,  
You'll have to make it on your own.  
I'm not your respirator,  
Just take a deep breath.
